CBC Talk on A Lumped Particle Software - March 26, 2014

At Wednesday 26 March, 14:00, Dr. Omar Al-Khayat will be presenting some of the software of the lumped particle model. He will give a short overview of the model and delve into the details on how to build and simulate the lumped particles. Code snippets will be shown and links to the code will be provided on bitbucket. The talk will serve as a way to get started with using the (prototype) code, but may also be an aid in building your own simulation software.

Total number of participants: 6
 Total number of guests outside of CBC: 0
 Number of different nationalities represented: 5
 Total number of speakers: 1
 Total number of talks: 1
