CBC Talk on Domain Specific Translation: Taking Charge of Performance Programming - September 8, 2011

Professor Scott Baden (UCSD) is visiting Simula this week. On Thursday the 8th of September he will give a talk entitled "Domain Specific Translation: Taking Charge of Performance Programming". In this talk, Prof. Baden will give an overview of several ongoing projects at his group at UCSD, on source-to-source translation, for the purpose of achieving high-performance numerical computations on the latest CPU/GPU hardware.

Total number of participants: 23
 Total number of guests outside of CBC: 4
 Number of different nationalities represented: 10
 Total number of speakers: 1
 Total number of talks: 1
