CBC Workshop on CSF Flow Associated with Chiari and Syringomyelia - May 6, 2011

The half-day workshop focuses on the flow of cerebrospinal fluid flow in patients with Chiari and/or syringomyelia. Particular focus is put on computational models that take into account the porosity of the cord and how large pressure gradients abnormal anatomy may cause.

Total number of participants: 9
 Total number of guests outside of CBC: 2
 Number of different nationalities represented: 3
 Total number of speakers: 4
 Total number of talks: 4
