Seminar: "Intensive one-day course on Python"

Intensive one-day course on Python

Time: Monday Oct. 1st, 09:00-16:00

Place: Simula Research Laboratory (<http://www.simula.no>)

Room: Storstua på Simula

Fee: Free of charge

Lunch: Included

Registration: Email to xingcai@simula.no within Thursday Sep. 27th.

Target audience: Master/PhD students and computational scientists who want to learn the Python programming language and use it in research.

This 1-day course will be roughly divided into four modules:

- Gentle introduction to Python
- Common Python programming tasks
- Numerical computing using Python
- Mixed-language programming

The lectures will be given in English by experienced researchers from Simula. The lecture slides will be distributed on site.

Participants are encouraged to bring their own laptops, so that Python software can be installed and tested by hands-on exercises!
